Career Objective

Aspiring Cloud Computing professional and a B.Tech Computer Science (AIML) student with a solid foundation in AWS technologies and Python programming. Seeking an internship opportunity to apply technical knowledge in real-world cloud environments, while contributing to impactful projects and enhancing hands-on experience in the AWS ecosystem.

Education

B.Tech in Computer Science Engineering (Artificial Intelligence & Machine Learning)

ABES Engineering College, Ghaziabad

2023 – 2027 | CGPA: (Add your current CGPA if available)

Technical Skills

- Cloud Platforms: Amazon Web Services (EC2, S3, IAM, Lambda, RDS, etc.)
- Programming Languages: Python
- Tools & Technologies: Git, CLI, AWS Console
- Soft Skills: Team Leadership, Communication, Event Coordination

Internship Experience

Cloud Intern | UptoSkills | Dec 2024 – Mar 2025

- Worked on deploying and managing services on AWS including EC2, S3, and IAM.
- Participated in cloud automation tasks and learned real-world cloud architecture design.
- Gained hands-on experience in configuring and monitoring AWS services for development environments.
- Collaborated with technical teams to implement cloud-based solutions for business use cases.

Certifications & Achievements

- AWS Cloud Practitioner Essentials – Amazon Web Services
- AWS Academy Cloud Foundations Certificate & Badge
- Badge: Get Started with Compute – AWS
- Badge: Get Started with Storage – AWS
- Certificate: Getting Started with AWS Services – Fundamentals for Beginners

Leadership & Extracurricular Activities

Team Lead – Ardema Club (AIML Departmental Club), ABES Engineering College

- Spearheaded workshops and seminars on emerging technologies including cloud computing.
- Fostered collaboration and knowledge-sharing among peers.
- Enhanced event management and leadership skills by guiding junior members and organizing tech events.

Additional Details

- Actively exploring advanced AWS certifications (e.g., Solutions Architect – Associate).
- Keen interest in DevOps, Infrastructure-as-Code (IaC), and cloud-native application development.
- Quick learner with a passion for building scalable and secure cloud solutions.
